## CURRICULUM OVERVIEW

### Scope and Sequence

Walking in Truth is built on the strong foundation of the worldview component from Summit’s elementary Bible series, Building on the Rock. The Walking in Truth series explores the big worldview questions about God, the universe, people, truth, and right and wrong. Students will first seek the answers to these questions through a biblical perspective. Then they will evaluate and critique how three competing worldviews—Islam, naturalism, and new spirituality—interpret these questions in relation to the Christian worldview. The Walking in Truth series culminates with a comprehensive Christian approach toward the disciplines of theology, philosophy, ethics, psychology, sociology, and biology. Students will be able to apply biblical principles to all aspects of their lives as they learn what it means to think, make decisions, and act in ways that glorify God and align to his Word.
