Discover *your teen's* full potential

A Letter From Dr. Jeff Myers

Does your teen have untapped potential just waiting to be released? At Summit Ministries young adults ages 16-to-22 discover their purpose, gain courage, and deepen their faith alongside like-minded peers.

Summit is a life-changing 11-day adventure in which top Christian thought leaders walking alongside young adults to teach them, answer their questions, and inspire confidence to stand up and stand out as believers. Our immersive environment is made up of a vibrant community of passionate believers. Students realize they are not alone in wanting to live purposeful lives that make a difference. In a culture where only one percent of Gen Z has a biblical worldview, 85% of Summit graduates have a biblical worldview and stay strong, even one, five, and ten years later.

The culture says this generation of young adults is risk-averse, without purpose, uncurious, anxious, and hopelessly addicted to social media. Having worked with tens of thousands of young adults, I can say with certainty that this is not the end

of the story! It is possible for young adults to develop an unshakable faith and become confident leaders for such a time as this.

Having said that, I will admit that we live in a time of great risk for young people raised in the church. Apart from intentional, meaningful intervention, up to 70 percent of today's young adults will abandon their faith by the time they reach their twenties.

The summer of 2024 could change everything. I personally invite you to register your 16-to-22-year-old to join us for 11 days in the summer of 2024. Visit summit.org/students for more information. You can secure your spot at one of our life-changing sessions today.

Cheering for you,
—Dr Jeff

Summit does an excellent job equipping Christian young people such as myself to apply and live out our faith in every area of life through the concept of Christian worldview.

Daniel Johnson, MT

“I’ve had the opportunity to hear leading Christian thinkers on a wide variety of serious and relevant topics and then ask them the hard questions and have meaningful conversations with lots of intelligent people.

Kelsey Lewis, MO

“I deeply appreciate that Summit is not afraid to tackle the hard topics and bring awareness to the areas of the Christian faith that are often overlooked or disregarded.

Marie Foster, OR

“Seeing so many of my peers worshipping and full surrendering gave me hope for the future. I don’t think I will ever stop thanking Jesus for this opportunity.

Maggie Scott, OK

Don't Take It From Us

“What a blessing Summit has been to our family. Knowing that my boys are receiving biblical truth, making friends with like-minded teens, and getting to experience the beauty of God's creation, all within a theologically sound and academically rigorous setting, just fills my mama heart with joy. My oldest son loved his first year and couldn't wait to come back with his younger brother!”

Abbigail Halberstadt, M is For Mama

“Without question Summit is the premiere worldwide training program in the nation for students who desire to learn the skills of thinking critically and living compassionately. By helping students learn what is true, good and beautiful, Summit inspires and instills the best ideas for a rightly ordered life and world.”

Chris Brooks, Senior Pastor - Woodside Bible Church

“There's no other ministry that does a better job training young Christians in Christian worldview and apologetics, and preparing them to live out their faith in this culture. For two weeks, young people are given an intensive, life-changing immersion into Christian faith and worldview. They learn from the best Christian worldview teachers out there.

John Stonestreet, President of Colson Center

“When I was growing up, there weren't many ministries focused on helping Christian youth understand and defend biblical Christianity. After enduring a faith crisis as an adult, I was thrilled to see that organizations like Summit exist! With Summit's focus on worldview, theology, and apologetics, it is a great experience to help bolster the faith of Christian students and help them articulate the gospel to a confused culture.
