

Summit Online

Build a biblical worldview that
lasts beyond high school

**Summit Online is a one-week event designed for
teens between the ages of 13 and 18.**

In a world where every screen and scroll sends a message about what's true, good, and worth living for, your voice still matters most.

The Summit Online Conference helps parents come alongside their teens to guide them toward a faith they will own—rooted in truth, resilient under pressure, and ready to stand firm.
