Frequently Asked Questions

Can you tell me more about Summit Ministries Student Conference?

Summit's worldview conferences empower students to impact culture with truth while building lasting relationships.

The world pressures young adults to doubt Christianity and walk away. For over 60 years, we have equipped students ages 16-22 to defend, own, and live out a Biblical Worldview. Summit's Student Conferences create a space for teens to wrestle through their questions about life and faith. Equipping them to become confident in their convictions and better ambassadors for Christ.
