# Discover your teen's full potential

*A Letter From Dr. Jeff Myers*

Do your teens have untapped potential just waiting to be released? At Summit Ministries young adults ages 16-to-22 discover their purpose, gain courage, and deepen their faith alongside like-minded peers.

**Summit is a life-changing two week adventure in which top Christian thought leaders walk alongside young adults to teach them, answer their questions, and inspire confidence to stand up and stand out as believers.**

Our immersive environment is made up of a vibrant community of passionate believers. Students realize they are not alone in wanting to live purposeful lives that make a difference. In a culture where only one percent of Gen Z has a biblical worldview, 85% of Summit graduates have a biblical worldview and stay strong, even one, five, and ten years later.

The culture says this generation of young adults is risk-averse, without purpose, uncurious, anxious, and hopelessly addicted to social media. Having worked with tens of thousands of young adults, I can say with certainty that this is not the end of the story!

It is possible for young adults to develop an unshakeable faith and become confident leaders for such a time as this.

Having said that, I will admit that we live in a time of great risk for young people raised in the church. Apart from intentional, meaningful intervention, up to 70 percent of today's young adults will abandon their faith by the time they reach their twenties.

**The summer of 2024 could change everything.**

I personally invite you to register your 16-to-22-year-old to join us for two weeks in the summer of 2024. You can secure your spot at one of our life-changing sessions today.

Cheering for you,  
Jeff Myers, Ph.D.

“There’s no other ministry that does a better job training young Christians in Christian worldview and apologetics, and preparing them to live out their faith in this culture. For two weeks, young people are given an intensive, life-changing immersion into Christian faith and worldview.
